"Let's Pray"
A Virtual Prayer Room

We use WebEx software to connect our computers, iphones, iPads, or laptops to a chat room that provides video and audio connection. You can join from your living room, and others joining from their living rooms will be able to see and hear each other. This time is a half-hour to come together to lift up the church, our community, and families in prayer.

To participate, send your email address to brookstown@triad.twcbc.com. You will receive an invitation to the next Let's Pray session.

The **first time you connect**, you will be asked to download the WebEx app. This is the only time you need to install the app. You can do this any day at any time before the meeting starts.

1) To download the app, click the "Join meeting" button in the invitation. You will be asked to download the app. You may see Run or Save. Choose Run. The Webex will install an icon on your device. Close the Webex page.

2) We will open the Webex room by 5:55 for our 6pm meeting on Thursdays. Click the "Join Meeting" button in the invitation link at that time and you will join us in the Prayer Room! We will be happy to work with you to sort out any technical difficulties.

3) Please email any concerns to:
